Yasser Desai, Palak Muchhal Palak Muchhal, Yasser Desai Yasser Desai, Palak Muchhal Yasser Desai, Palak Muchhal Reviewed by MartinHafer 8 / 10 In recent years, more and more Indian films are making their way to America. Just a decade or so ago, they were practically impossible to find. Now, Netflix, Hulu and even local cable channels carry Indian films. While they are not yet commonly watched by the average person in my country, this is quickly changing as people are realizing that India is making some great films. Most of the films we have been getting are musicals—which are very popular in India. Most of these are also romances. However, a few films are NOT the same formulaic pictures (even though I like these romances, there is a certain sameness about many of them). A few of Satyajit Ray's films, gangster films (which I assume are VERY popular in India since I've seen so many) and comedies are also available—but you have to look a bit harder for them. One of the best of these non-formula films I've recently seen is "Ek Hasina Thi". When I say non-formula, I mean that it has no production dance numbers and the film is much more realistic and gritty. And, because of this, the film is a nice change of pace and well worth your time. This movie begins with a beautiful lady (Sarika) being stalked, somewhat, by a handsome young man (Karan). He is VERY persistent and tad creepy—as he comes on really strong. But he's also very thoughtful and sweet and she falls for him...reluctantly. A bit later, one of Karan's 'friends' drops by her apartment and leaves a suitcase. Soon, she sees on the news that the man who visited her was a gangster and he's dead!! Sarika has no idea what to do and still thinks her boyfriend is what he claims to be—a guy who's made his fortune in stocks and bonds. This is a HUGE mistake, as soon the police arrive and find her with the suitcase and arrest her. And, based on advice from him and his sleaze-bag lawyer, she pleads guilty. These two told her the court would just release her and that would be that. Instead, she's given a huge sentence and sent to a hellish prison. She soon comes to realize that she's been set up to be the fall girl for a very bad man...and the quiet and sweet girl evolves into a very angry lady—one who is able to kill, if need be, to get revenge. While I would normally say no more (as it might spoil the film), I noticed that IMDb's summary gives a LOT of information. So, it lets you know that she does escape prison and she does plot revenge. I really, really liked this—as it was exciting to see the mousy lady become a Rambo-like hero. However, very importantly, it was NOT all action and a lot of the crazy stuff she did was believable...at least compared to many revenge films. See this one—and see the really cool ending. Well made all around. © Copyright 2021 Wakelet Limited. All rights reserved.
